

### GridBee GF Limited Replacement Warranty:

**GridBee SB Mixers.** GridBee GF mixers and circulators are warranted to be free of defective parts, materials, and workmanship for a period of two years from the date of installation. GridBee SCADA and any optional accessories are considered “buyout” items for Medora Corporation, and as such include a warranty against defects in material and workmanship for two years from the date of purchase. Parts that are determined by Medora Corporation to be defective in material or workmanship under normal use during the two year warranty period will be repaired or replaced. Any shipping charges that may apply are the responsibility of the customer. A manufacturer’s warranty exceeding this SolarBee warranty, such as photovoltaic modules (solar panels), which currently have a manufacturer’s 25-year performance warranty, will be honored. This warranty is valid only for SolarBee equipment used in accordance with the owner’s manual, and consistent with any initial and ongoing factory recommendations. This warranty is limited to the repair or replacement of defective components only and does not apply to normal wear and tear. If the factory’s service crews performed the original on-site placement and startup, then this warranty also includes labor. Where labor is included, in lieu of sending a factory service crew to the site for minor repairs, Medora Corporation may choose to send the replacement parts to the owner postage-paid and may pay the owner a reasonable labor allowance, as determined solely by Medora, to install the parts. There is no liability for consequential damages of any type. The warranty that is submitted and provided with the purchased equipment is the valid warranty.

**In addition, the GridBee brushless motor is warranted for a period of ten years from the date of installation.** The first two years will be covered under the above warranty of the mixer. There will be an additional eight years of extended parts only warranty on the GridBee brushless motor.

**Terms applicable to all equipment.** There is no liability for any consequential damages of any type, or to replace items that wear out from “normal use” in Medora’s sole determination. Equipment warranties are valid only for equipment that is used in accordance with the owner’s manual, and consistent with any initial and ongoing factory recommendations. Medora Corp.’s warranties change from time to time; only the exact warranty in effect when the equipment was purchased, as provided with the equipment, is valid.
